GRANGE COMPETITION

AT COUNTY FAIR. Best Laid Plans of Bridge Engineers State Agricultural College Will Send

B. M. HINMAN, Principal

Went Agley This Week.

The first of the big calmens built in the preliminary construction of the new \$3,000,000 New Haven road draw-bridge across the Thames river thames there are a mong the many attractive contests arranged for the edination and instruction of the agriculturists at the plans of the contractors Wednesday and Hes in an unknown condition on the river bed. The accident will entail more or less delay in the work and may cost many thousands of dollars, the amount depending on the damage which has been done to the fresh air outlings will enable the Mission to serve the few remaining on the sign and to feet deep.

The latter is a box-like attracture of the grange making the best display of fruits and vegetable to the grange making the best display of fruits and vegetables to the grange making the best display of fruits and vegetables to the grange making the best display of fruits and vegetables to the grange making the best display of fruits and vegetables to the grange making the best display of fruits and vegetables to the grange making the best display of fruits and vegetables to the grange making the best display of fruits and vegetables to the grange making the best display of fruits and vegetables to the grange making the best display of fruits and vegetables to the grange making the best display of fruits and vegetables to the grange making the best display of fruits and vegetables to the grange making the best display of fruits and vegetables to the grange making the best display of fruits and vegetables to the grange making the best display of fruits and vegetables to the grange of g

ocurring afternoon proceeding the ing of the fair, and watchmen be on duly to see that the dis-

front interest was taken fast year the exhibit of the state college at in the exhibit of the state college at Storra, not alone by the agriculturists who visited the fair, but by all the visitors, who were glad to see the way in which our state works to help her mulitudinous citizens. This year the Storra exhibit will prove even more atractive, for they will bring down from the college farm all the leaded livestock, amounting to about

sale to light the home and for farm buildings. This same power can be utilized to run the saw for the fire-wood pile, run the churn and other ligh imachinery used by the progressive farmer of the present day.

Arrangements are in process of completion with the manufacturer of a small tractor for farm use to exhibit their machine and give demonstrations during the three days of the fair. This machine is being used successfully on

STATE SAVINGS BANKS

increase of \$52,000 Over the Previous

or it was not until this year that the attional banks were required to pay that on their savings deposits. The way was passed at the last session of the general assembly. In computing a differences between the total nount of the tax for this year and at for 1915 the sum received this ser from the national banks should a taken into account. With this nount deducted, the increase of the of from the fathman pages should taken into account. With this nount deducted, the increase of the x for the year is \$27,783.63.

The growth of this tax is noteworthy.

n 1996, or a decade ago, the state re-elved from the tax the sum of \$98,-82.85. This shows an increase of
